Tips

- 1 Bedtime Routine: Set yourself up for a good sleep the night before - relax, unwind & ditch the phone
- 2 Skull Water: Remember when that alarm goes off...skull loads of water!!
- 3 Change your alarm clock tone: Make your alarm sound more gentle with the bedtime function on your phone
- 4 Gradually change your wake-up time: Get up 15 minutes over 4 weeks until you reach your goal
- 5 Make it a routine that you're excited for! Your morning routine should be about taking time just for YOU!
